

# YOUTH SKILLS & CREATIVITY EMPOWERMENT FOUNDATION (YSCEF)

NOVEMBER 23, 2025

# Project Scope

**The Youth Skills & Creativity Empowerment Foundation (YSCEF) is a Tanzania-based non-profit organization dedicated to empowering young people aged 10–25 through digital skills, entrepreneurship, creative arts, sports, and personal development programs.**

**The foundation aims to bridge the opportunity gap for Tanzanian youth by providing free or affordable access to training, mentorship, resources, and platforms that develop both talent and character. Our goal is to raise a generation of confident, skilled, and innovative young Tanzanians prepared to contribute to national development.**

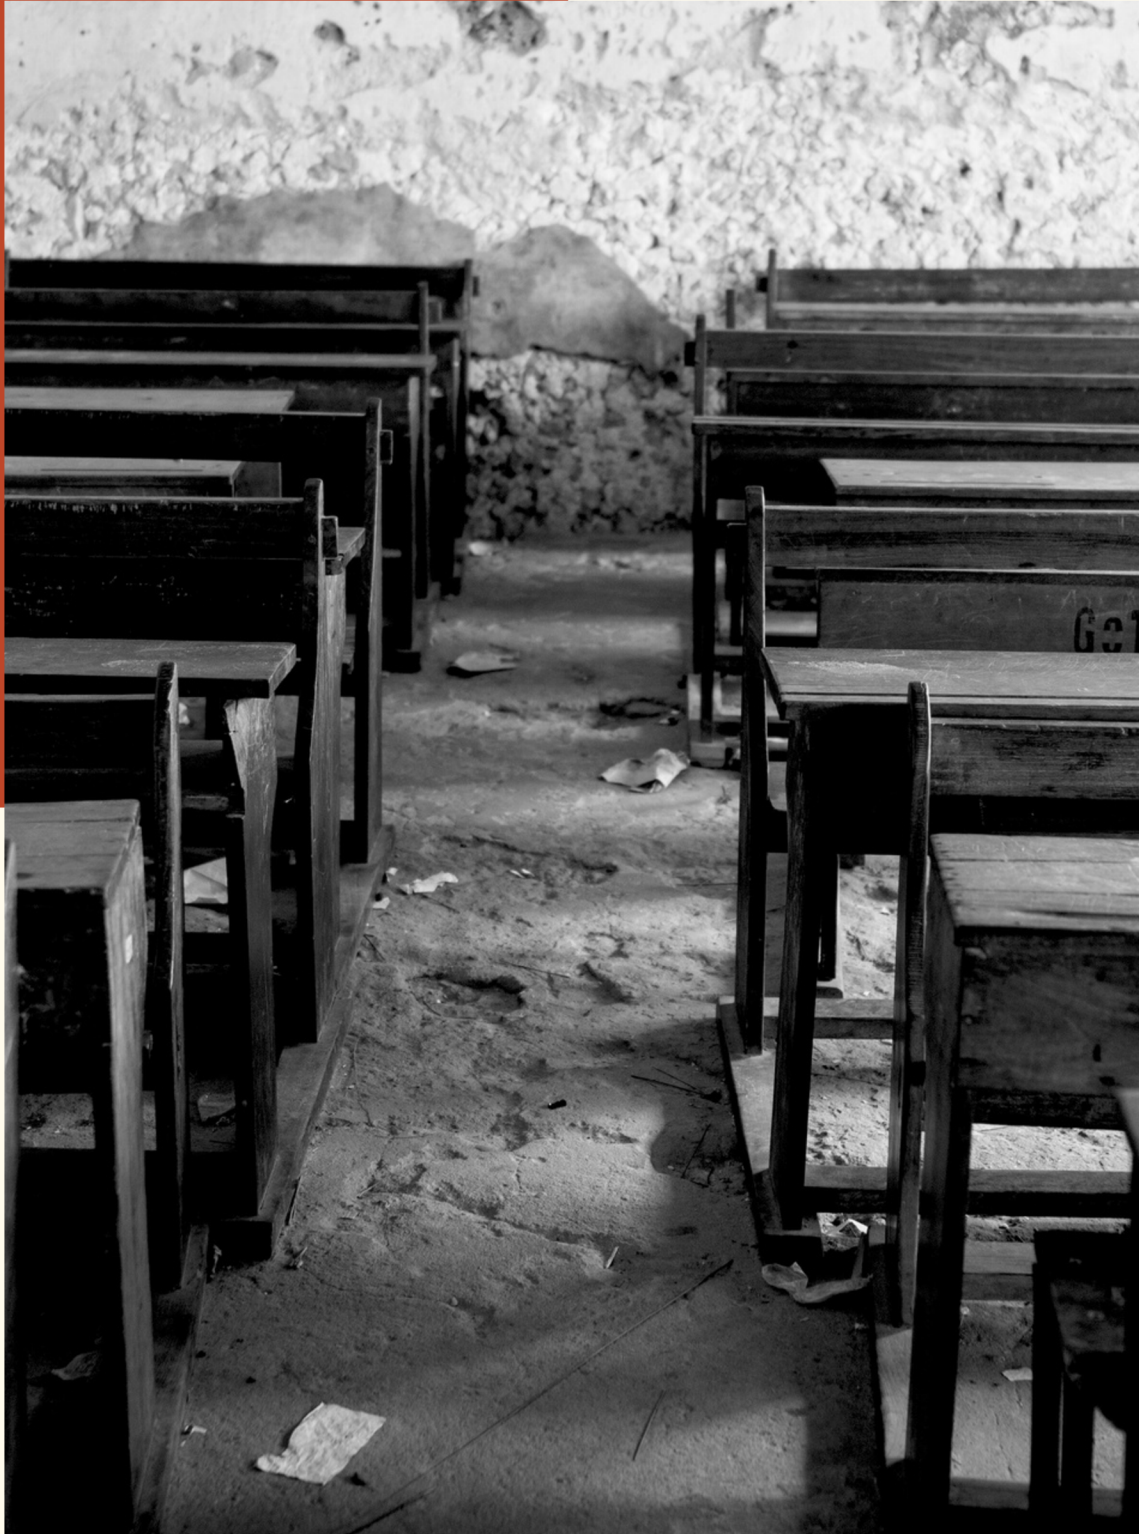

Tanzania has a youthful population, with over 65% below age 25. Although rich in talent and potential, many youths face:

- Limited access to digital and job-ready skills
- High unemployment rates
- Lack of mentorship and opportunities
- Limited creative arts training
- Minimal access to sports facilities & proper coaching
- Social challenges such as poverty, drug abuse, and idleness

Because of this, many young people struggle to reach their full potential. YSCEF intends to provide long-term solutions by empowering youth with skills, mentorship, and safe spaces to grow.

# BACKGROUND

Equity in education is currently not completely equal, because it is not yet like in cities that have implemented an international standard education system that is able to compete with other countries. Education in remote areas is almost backward and some are even illiterate because the location of the school is very far from their settlements. We must accept and fix this educational gap for a better future.

# PURPOSE AND OBJECTIVES

## OBJECTIVES OF THE FOUNDATION

### Main Objectives

1. Provide free or affordable training in ICT, digital skills, and entrepreneurship.
2. Support youth talents in music, dance, drawing, acting, and creative media.
3. Develop community sports programs to engage, inspire, and mentor young people.
4. Offer mentorship programs led by professionals and role models.
5. Promote community development, leadership, and personal discipline.

### Specific Objectives

- Train 500+ youths annually in digital and creative skills.
- Establish at least 5 community youth clubs/sports teams.
- Provide scholarships for talented but vulnerable youth.
- Build a Youth Resource & Innovation Hub.

The following is a list of sources of funds that we can obtain:

# SOURCE OF FUNDS

- 01 Donations from the public through online platforms or bank transfers.
- 02 Sponsorship from companies.
- 03 Fundraising events such as concerts, bazaars, and other activities to raise funds.

# EXPECTED IMPACT

01

Increased access to education for remote villages so that they get decent and equitable education.

02

Good education will have an impact on village economic development, so that villages can be more advanced because of the many educated human resources.

03

Increased standard of living that is more decent, because educated children open up opportunities to change their fate and contribute to social development.

# PURPOSE AND OBJECTIVES

- Build schools in remote villages
- Provide decent educational facilities and infrastructure
- Prepare the Young Generation
- Repair damaged school facilities and infrastructure in villages
- Provide education for teachers in villages

# SCHOOL DEVELOPMENT PLAN

## FACILITIES TO BE BUILT

- Classrooms: 3 rooms (5 x 5 m)
- Teachers' Room: 1 room (3 x 3 m)
- Sanitation Facilities: 2 rooms (1 x 1 m)
- Library: 1 room (3 x 3 m)

## LOCATION PLAN: 5 VILLAGES

## DEVELOPMENT STAGES

Land preparation, building construction, completion of facilities, and provision of educational equipment.

# SPORTS & TALENT DEVELOPMENT

Why?

So much talent in Tanzania goes unsupported—music, football, arts, dance, content creation.

Focus Areas:

- Community football academies
- Sports equipment donation
- Talent competitions
- Sponsorship programs for young creators

Impact:

Engages youth, reduces crime, builds national pride.

# HOW TO DONATE

Here are the ways to donate for the construction of this school:

## Fund Donation:

Can be transferred through a bank that has a foundation account, or through an online platform.

## Donation of Goods:

Donations of goods such as books, stationery, or other school supplies can be sent to our head office.

## Labor Donation:

Register yourself as a volunteer to help build the school or fundraise for this school.

# THANK YOU FOR YOUR PARTICIPATION AND SUPPORT!

Let's join to build a  
better education.
